## Garden Notes:

Thanks to Linda Paige and Lois Harris for building this beautiful arbor on the garden path connecting the Lakeside Pollinator Garden and the Hummingbird Garden

Larry McKenzie, BBG Chair

Happy days are here again everyone. It's November and the weather is beginning to make working in the garden or nursery more enjoyable. A new arbor has been built in the garden creating a welcoming entrance. The pump house is being rebuilt and we will be looking for helpers to complete this project. Cooler days add to the fun of working in the garden and nursery so come join us as we work toward the future.
